St. Marys Master Plan Steering Committee to hold Transportation Workshop May 17

The St. Marys Master Plan Steering Committee will conduct a public transportation workshop on Tuesday, May 17th from 6:00 to 8:00 PM at the St. Marys Senior Center at 120 Davis Street in St. Marys. Public participation in planning for scheduled and/or non-scheduled public transportation options, pedestrian walkways, bike and golf cart lanes, public parking, street design and all other suggestions for improvements in design and traffic flow is being sought for inclusion into the new master plan for St. Marys. The workshop will feature maps and opportunities for the public to discuss their ideas for how traffic and transportation issues can be improved in the city. For further information, please contact the city's planning department at 912.510.4025.
